Earn an agility title on your beginner dog in a trial atmosphere! The Agility Course Test is an entry level agility event to introduce beginning dogs and/or handlers to the sport of agility. Dogs must be 15 months or older to enter and must meet the requirements for a regular AKC agility trial (Chapter 1, Section 3), except that **they do not need to be registered with AKC to enter**. ACT Level 1 and ACT Level 1 Jumpers is open to dogs that have not earned any AKC agility titles. The courses will have 10-12 obstacles. The standard course will comprise of 5' A-frame, table, tunnels, and bar jumps (no spread jumps); tire & panel jumps are allowed but not required. Time for all jump heights in ACT level 1 is 60 seconds and for Level 1 Jumpers it is 50 seconds. The ACT level 1 jumpers course comprises of jumps and tunnel only. Dogs need a minimum score of 85 to Qualify in both ACT level 1 and ACTJ level 1. Two Qualifying runs earn the title – ACT1 or ACT1-J respectively.

ACT Level 2 both regular and jumpers are open to dogs that have not earned a title in any AKC Agility class except an ACT1 or ACT1-J title. Level 2 courses have 11-13 obstacles: all of the obstacles in Level 1 plus a teeter, 6 weaves, tire, and 1 spread jump (triple, double, or broad); the dog walk is allowed but not required. For jumpers there will be jumps, tunnel, and six weave poles. Time for all jump heights is 70 seconds in standard and 60 in jumpers with a minimum score of 85 to Qualify. Two Qualifying runs earn the title – ACT2 and ACT2-J respectively. Refusals & Run-outs are not judged. More than 3 attempts at an obstacle will result in an elimination (failure). The rest of the faults are the same as in the regular agility classes. All passing scores can be under the same judge.
